

Engagement

iN2L content

Cultivate a life of purpose, passion, and joy by delivering wellness-focused digital content that engages and delights residents from any device. Lead your community into the future with industry-leading iN2L content from LifeLoop.

Inspire residents with meaningful experiences

Personalized, relevant content has been proven to be a powerful tool in resident engagement. Build communities that flourish by offering purposeful ways to engage residents that support living a fulfilling life each and every day. Use our extensive library of strategically designed digital content to support the core dimensions of resident wellness.

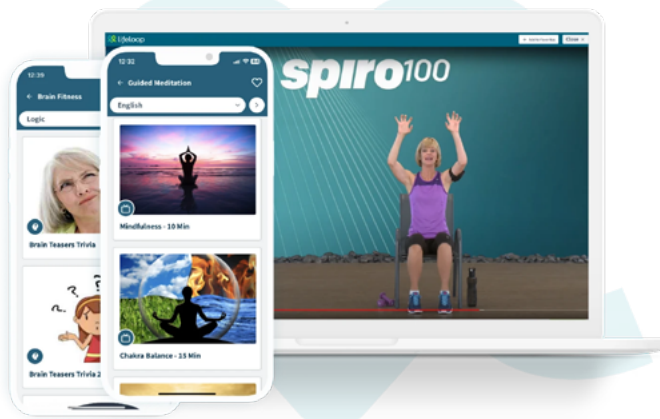

4,600
communities across
the nation flourish
with LifeLoop.

iN2L is an invaluable tool that truly enhances the lives of our residents throughout the day, every day. It is used in so many groups for meaningful engagement in meaningful ways cognitively, socially, spiritually, and physically throughout the day.

Life Enrichment Health Center
Coordinator of eliseo

Make senior care exceptional

Leverage iN2L's expansive, targeted content library that's engaging, fun, and focused on wellness at every level, from independent living to memory care.

Spark an interest

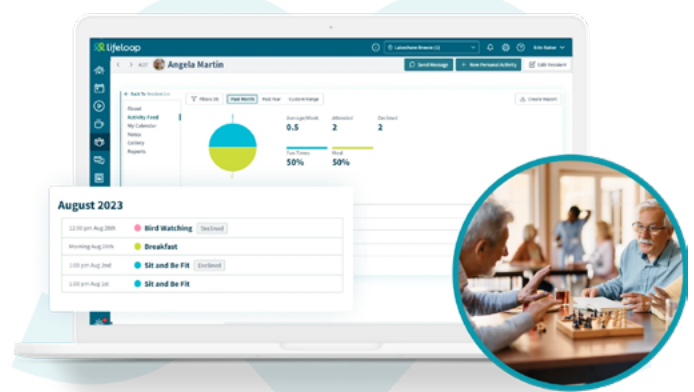

Engage residents with content that's tailored to their unique, individual interests. Give them access wherever they are, whether in their room or during group activities.

Inspire residents with smarter programming

Leverage advanced data collection and reporting to offer purposeful group activities and encourage participation and satisfaction throughout your community.

Empower caregivers to work with purpose

Enable staff to save time and focus on residents with easy-to-build activity calendars and quick access to content in group or individual care settings, from any connected device.

Enrich residents' lives with fulfilling activities

Facilitate activities that are cognitively stimulating, physically engaging, spiritually uplifting, emotionally relaxing, entertaining, and much more.

Find out why LifeLoop is the trusted technology partner to over 4,600 senior living communities.
